

Contents:

- Isolation and Characterization of Probiotic Bacteria from Laphet (Myanmar's Traditional Fermented Tea Leaves)** 01-07
Thet Paing Oo, Hirowati Ali, Akmal Djamaan
- In Vitro Assessment and Evaluation of the Phytochemicals Analysis and the Pharmacological Activities of methanolic leaf extract of Bangladeshi Momordica charantia** 08-19
Nishat AKther, Hossain M Amjad, Shamima Afroze, Rahaman M Foyso, Khairul Islam, Mohammad Jahirul Islam, Nazmul M. Hossain
- Biodegradation of Lignocellulosic waste by Agaricus bisporus** 20-27
Ramendra Kumar Sinha, Subhra Verma, Manju Kumari, Baidyanath Kumar
- Production of Enzyme Cellulase by some soil fungi causing Biodeterioration of Sugarcane Bagasse** 28-33
Subhra Verma, Manju Kumari, Ramendra Kumar Sinha, Baidyanath Kumar
- Buffering Capacity as a Motivating Agent for Buffer Solution Learning** 34-39
Kevin Husak Carvalho, Fabiane Fortes, Tânia Zaleski, José Roberto Caetano da Rocha
- Combination of Growth Hormones on Callus Induction and Nanoparticles Characteristics** 40-45
Saurabh Katiyar, Dr. Rajesh Kumar Pathak
- Antioxidant and Phytochemical composition of Leaves, Stem and Root Extracts of Withaniacoagulans and Withania somnifera** 46-50
Kavita Kumari, Dr. Krishan Pal
- Evaluation of The Antibiotic Potency of Trigonella Foenum-Graecum Extracts Against Methicillin-Resistant Staphylococcus aureus** 51-56
Ashutosh Pandey, Dr. Krishan Pal
- Study On Vitro Anti-Microbial Activity and Phytochemical Analysis of Selected Fruit Wastes** 57-61
Seema Kumari, Dr. Krishan Pal
- Synthesis of HSP for Thermo tolerance in Plants** 62-67
Dr. Reena Tomar
