

Contents :

Technologies For Using Hidden Hydropower Potential	01-11
Laboratory Investigation On Performance Of Densed Bituminous Macadam (Grade 2) Containing Rap Material With Different Mineral Fillers	12-20
Shear Strengthening Of Reinforced Concrete Beams Using Various CFRP Techniques	21-38
Design Study Of Retainment Pool For Flood Control In Diamond City Residential - Jember	39-46
Modeling Of Solar Assisted Air Purifier For Room Air Conditioning Assisted By Polymer Electrolyte Membrane Fuel Cell And Electrolyzer	47-56
