Bhattacharya

(Botany Department, Science Collage, Banaras Hindu University).

Abstract: We know that Mangoes may very well be the king of all fruits. Fight cancer, alkalize the body, aid in weight loss, regulate diabetes, help digestion, clean your skin, and make the perfect snack. So it should be eating a mango every day. And also it is also used as loo medicine in generally by mango, or by heating it is also used as loo medicine in generally by leaves and plant and seeds, and also by heated it seeds.

Keywords: Loo, Methyl orange, Vitamin A, eyesight, prevent blindness, drupe family.

I. Introduction

We, know that mango have many qualities and of drupe family. But there is also quality in mango to cure loo and also eyesight, prevent blindness, and in titration in alcohol and many solvents I find active principal of mango that cure loo in 7 to 10 days.

II. Materials and Methods

Firstly, I used Absolute Alcohol (9.0 ml), Rectified spirit (10.9 ml), Acetone (12.5 ml), Ether Solvent (9.8) ml, Ether (8.9) ml, Petroleum ether (9.8)ml, Methyl orange (12.4) ml, CuSO₄ (9.0) ml, Water (8.0), Phenolphthalein (10.0). And after 7 days mixing them and find the medicine of loo by mango. And because of it's enzymes and many amino acids just as fructose, glucose, malic, palmanic and also vitamin C. It is also antioxide.

III. Result

As, a result we find medicine of loo by mango.

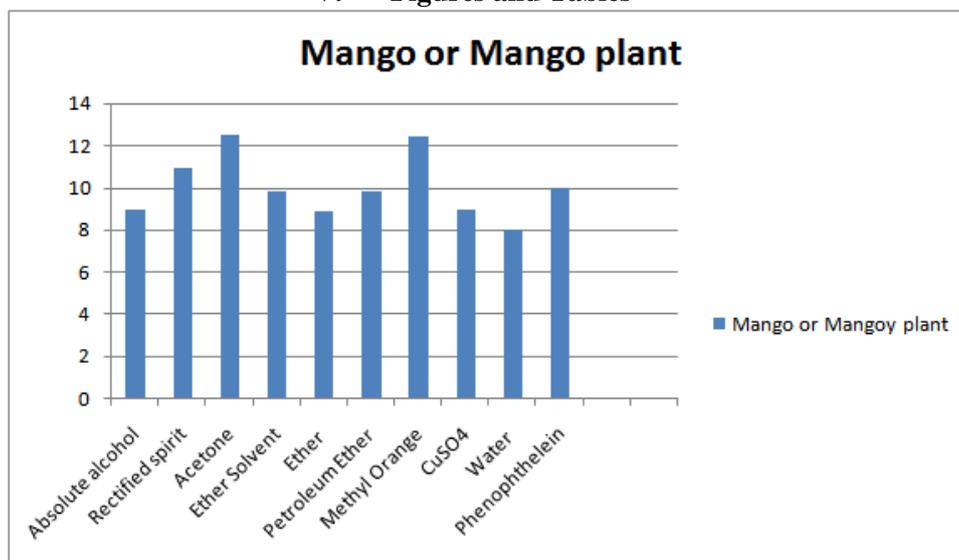

IV. Discussion

We, always try to find the medicine of loo with the help of mango fruit or leave with heat and without heat and we find positive result in both heated or not heated mango. And also always study to cure of loo by mango. And after heating it it's power is more increased. Because it's enzymes worked fast after heated.

Indentations and equations

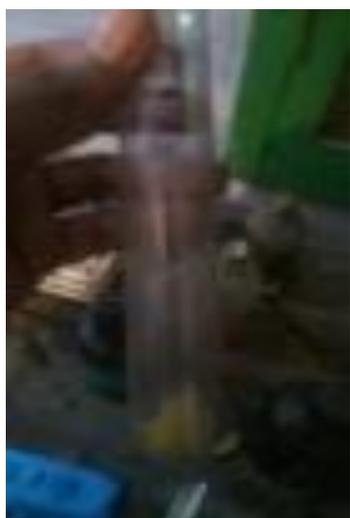

It is taken in the 8-12 ml ratios.

V. Figures and Tables

How loo is also cured by simple mango plants and heated mango.

	Mango or Mango plant		
Absolute alcohol	9		
Rectified spirit	10.9		
Acetone	12.5		
Ether Solvent	9.8		
Ether	8.9		
Petroleum Ether	9.8		
Methyl Orange	12.4		
CuSO ₄	9		
Water	8		
Phenophthelein	10
